The Legislative Research Unit is the central general research agency for the General Assembly. A board of 12 legislators, appointed by the Joint Committee on Legislative Support Services, supervises its operations.

A staff of researchers handles inquiries from legislators, legislative committees, and partisan staff. The staff's areas of expertise include law generally, science and technology, taxation, education, local government, economics and fiscal affairs, and the political and social history of Illinois.

Federal Funds to State Agencies
FY 2009–FY 2011
Annual Report to the Illinois General Assembly
TWENTIETH EDITION
2011

Publication No. 357

August 2011

The Legislative Research Unit compiled the information in this volume from a comprehensive survey of all Illinois state agencies. The publication of *Federal Funds to State Agencies, FY 2009-FY 2011* would not have been possible without the cooperation and support of many program managers, budget analysts, and state agency directors. Although it is not possible to list every individual's name, we are grateful to all for their contribution.

Foreword

The *Illinois Compiled Statutes* require the Legislative Research Unit to compile and maintain information on federal aid programs administered by Illinois state agencies, and to report to the Illinois General Assembly on those programs. *Federal Funds to State Agencies, FY 2009-FY 2011*, the twentieth edition of this report, is submitted by the Legislative Research Unit to fulfill this responsibility.

This edition includes program descriptions and outlay information, as well as sections to assist legislators and staff in linking the federal program data to the state budget. A State Trust Fund section identifies the trust fund(s) used for depositing the federal grants, and a table indicates which state programs are supported and what areas and populations of Illinois are served by the federal grants.

It is the hope of the Legislative Research Unit that this handbook will be a useful resource for legislators in enhancing their understanding of federal assistance.

Alan R. Kroner
Executive Director

INTRODUCTION

The Legislative Research Unit, a bipartisan support services agency of the Illinois General Assembly, has a responsibility of serving as the “. . . information center for the General Assembly in the field of federal-state relations, . . . and compiling and maintaining current information on available and pending federal aid programs.” [25 ILCS 130/4-2.1] In meeting this responsibility, the Legislative Research Unit records and tracks applications for, and awards of, federal grants to state agencies. In addition, the Legislative Research Unit conducts an annual survey designed to identify federal funds received by Illinois state agencies.

This *Federal Funds to State Agencies* report is designed to provide legislators and legislative staff with a comprehensive guide to federal funds that are received by state agencies. It augments the information provided in the Legislative Research Unit’s weekly reports of federal fund transactions by listing federal aid awards on a state or federal fiscal year basis and including descriptive program information. Weekly reports are available on the Legislative Research Unit Website. This report is designed to help legislators and legislative staff develop a clearer understanding of the federal programs used by Illinois state agencies, and of the levels at which those programs are funded.

The Legislative Research Unit is also required to report annually to the General Assembly on the adequacy of state agency participation in programs financed by federal aid and the nature of federal aid programs in which state agencies or local governments did not participate, and to make recommendations. [25 ILCS 130/4-2.1(c)]

Adequacy of Participation in Federal Aid Programs

Each state agency, in its budgetary process with the General Assembly, reports evaluation and funding data as required. Through this process, the General Assembly receives information on the adequacy of programs financed by federal aid in the State. The Legislative Research Unit, as requested or assigned by members of the General Assembly, produces special reports relative to federal funds.

Identification of New Federal Funds (Types and Nature of Programs Not Applied For)

The Legislative Research Unit works with the Illinois Federal Clearinghouse in the Governor’s Office to identify and make information available on federal aid programs that may provide resources for state agencies and local governments. Extensive Clearinghouse information, including referrals to Legislative Research Unit’s publications, such as *Grant Alerts*, is available on the Legislative Research Unit Website. *Grant Alerts* is also published monthly and mailed to potential grant users throughout the state.

Recommendations

The Legislative Research Unit will make recommendations as deemed appropriate.

Overview

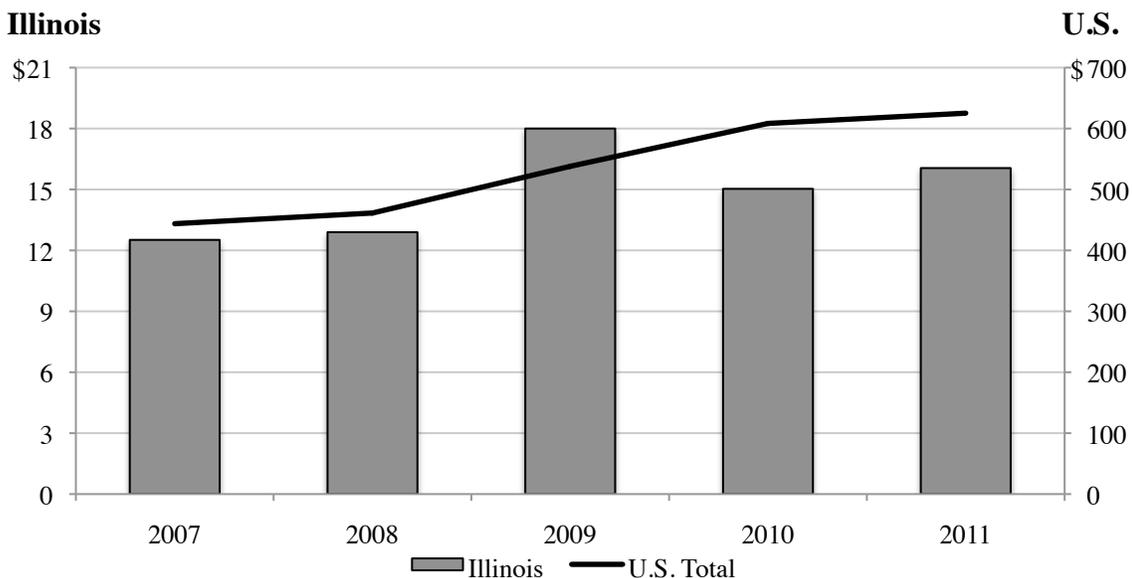

Illinois state agencies receive federal funds from about 351 programs per year. Additionally, they received funds from 44 American Recovery and Reinvestment Act of 2009 (ARRA) programs, and 24 programs with both ARRA and non-ARRA funds. State revenues from federal agencies increased slightly in 2008, increased significantly in 2009, decreased in 2010 to a level considerably above the 2008 amount, and are projected to increase slightly again in 2011. One of the main reasons for the recent fluctuation is the temporary availability of ARRA funds. Table 1 and Figure 1 below show the total amounts of federal funds that Illinois agencies reported receiving in each year from 2007-2010, and the estimate for 2011. They also show the total federal outlays (payments) for grants to state and local governments, as reported in the President's federal fiscal year 2012 budget.

Figure 1: Federal Funds Received by Illinois State Agencies and Total Federal Grants to State and Local Governments, 2007-2011 (billions)

In FY 2011, awards received by state agencies are estimated to be about \$1 billion over the FY 2010 awards. Program details are summarized in Appendix B.

Some of the major increases in federal funds from FY 2010 to FY 2011 include the State Board of Education’s Title I Grants to Local Educational Agencies; Environmental Protection Agency’s Superfund State, Political Subdivision, and Indian Tribe Site-Specific Cooperative Agreements; and the Department of Transportation’s Airport Improvement Program.

Programs with substantial reductions include the Department of Commerce and Economic Opportunity’s Low-Income Home Energy Assistance Program; Department of Children and Family Services’ Community Development Block Grants/States’ Program and Non-Entitlement Grants in Hawaii; the Department of Transportation’s Highway Planning and Construction Program; and the Department of Healthcare & Family Services’ Medical Assistance Program-Medicaid Vendor Payments.

Using This Handbook

The federal programs in this handbook were included if the federal funds were received directly from the federal government or a non-state agency (such as a consortium of states that receive federal monies for a particular project or a national study group that pays the state agency for research or services). Programs in which a state agency received funds from another state agency (subgrants) have been excluded to avoid “double counting,” or falsely inflating the dollar totals. However, Appendix C on subgrants shows the flow of federal funds from some state agencies to others.

The table of contents lists the federal programs used by state agencies from FY 2009 through FY 2011. This table shows the location of the federal program descriptions as well as which federal programs are used by each state agency. Tables showing federal aid award totals by state agency are appended. Each agency’s programs are listed by the numbers assigned by the U.S. Office of Management and Budget in its *Catalog of Federal Domestic Assistance*. Descriptions of each program include the proper name, program description (objectives and services provided or supported), formula description, matching requirements, account identification number (federal), and a table illustrating the outlays to Illinois for FY 2009 and FY 2010, and estimated receipts in FY 2011.

This *Federal Funds to State Agencies* handbook contains two sections of state information to assist legislators and staff in linking the federal program data to the state budget. A State Trust Fund section identifies the fund(s) used for depositing the federal grants, and tables show which state programs are supported and what areas and populations of Illinois are served by the federal grants. (See the example below.)

State Programs Supported	Pop. Served	Area
Economic Development	General	Statewide
Illinois State Resource Center	2 million	Statewide
Treatment Alternatives to Street Crime	4,080	Cook

Descriptions of the federal programs include their proper names, common names (where appropriate), and five-digit identifying numbers (CFDA numbers). Each CFDA identifies a federal program and the administering federal agency. In a few instances, where federal programs are not listed in the *Catalog of Federal Domestic Assistance*, LRU has assigned a unique identifying number. CFDA numbers are arranged in ascending order. The list on the following page shows the basic numbering scheme and the corresponding federal agencies.

Information Sources

The basic sources for the fiscal data included in the *Federal Funds to State Agencies* report are the Legislative Research Unit's annual federal aid surveys, which have examined the use of federal funds by Illinois state agencies from FY 1973 until the present. The fiscal information is supplied directly by the state agencies, and it is assumed the figures are supplied in good faith and are substantially correct. In a few cases where federal programs provide funds under several subcategories, the fiscal information was obtained from Federal Funds Information for States, a project sponsored by the National Conference of State Legislatures and the National Governors Association. The primary source for the program descriptive information is the U.S. Office of Management and Budget's *Catalog of Federal Domestic Assistance*.

STATE'S ATTORNEY APPELLATE PROSECUTOR

16.590 GRANTS TO ENCOURAGE ARREST POLICIES AND ENFORCEMENT OF PROTECTION ORDERS PROGRAM

Program Description: The program provides grants for governments, state and local courts (including juvenile courts), tribal courts, and units of local government to treat domestic violence, dating violence, sexual assault, and stalking as serious crimes.

Formula Description: The program has no statutory formula or matching requirements.

SUPREME COURT

93.586 STATE COURT IMPROVEMENT PROGRAM

Program Description: The program provides formula grants to assist state courts in carrying out their role in the continuum of care provided for families and children at risk. It offers support for the implementation of alternatives and improvements, as well as the expansion of successful court systems. It enables state courts to design assessments that identify barriers to effective decision-making, highlight practices that are not fully successful, examine areas in need of correction or added attention, and then implement reforms that address the state court's specific needs.

Formula Description: Each state court with an approved application is allotted \$85,000 for each of the fiscal years 2007-2011. In addition to this base amount, the remainder of the amount appropriated for all state courts will be divided among those courts with approved applications, according to each state's proportionate share of children under the age of 21. Twenty-five percent of the total cost must come from non-federal funds.

ATTORNEY GENERAL

16.543 MISSING CHILDREN'S ASSISTANCE

Program Description: The program provides grants to public agencies or private non-profit organizations for research, demonstration projects, or service programs designed to: (1) educate parents, children, and community agencies and organizations in ways to prevent the abduction and sexual exploitation of children; (2) provide information to assist in the location and return of missing children; (3) aid communities in the collection of materials which would be useful to parents in assisting others in the identification of missing children; (4) develop effective treatment for the psychological consequences to both parents and children of (a) the abduction of a child, both during the period of disappearance and after the child is recovered, and (b) the sexual exploitation of a missing child; (5) collect detailed data from selected states or localities on the actual investigative practices used by law enforcement agencies in missing children's cases; (6) address the particular needs of missing children by minimizing the negative impact of judicial and law enforcement procedures on children who are victims of abuse or sexual exploitation and by promoting the active participation of children and their families in cases involving abuse or sexual exploitation of children; (7) address the needs of missing children and their families following the recovery of such children; (8) reduce the likelihood that individuals under 18 years of age will be abducted; and (9) establish or operate statewide clearinghouses to assist in recovering or locating missing children.

Formula Description: This program has no statutory formula or matching requirements.

16.800 ARRA—INTERNET CRIMES AGAINST CHILDREN TASK FORCE PROGRAM (ICAC)

Program Description: The program provides grants to public agencies or private non-profit organizations for research, demonstration projects, or other programs that support ICAC task forces. The goal is to prevent technology-facilitated sexual exploitation by supporting at least one task force in each state. Task forces provide forensic and investigative technical assistance to law enforcement and prosecutorial officials, as well as community education information to parents, educators, prosecutors, law enforcement, and others concerned with child victimization. Funds should also be used to further one or more of the purposes of the Recovery Act.

Formula Description: The program has no statutory formula; no match is generally required, but a 25% may be required for some distributions. The matching requirements may be waived for good cause or financial hardship.

SECRETARY OF STATE

45.310 GRANTS TO STATES

Program Description: The Institute of Museum and Library Services program consolidates federal library services programs designed to improve services, facilitate access to resources, and encourage resource sharing among all types of libraries. Grants are available to state library administrative agencies, which may spend the funds themselves or make it available to other agencies. Subgrants may be made available for several listed purposes.

Formula Description: Grants to states are based on the most recent total population calculations from the Bureau of the Census, but with a \$680,000 minimum for the 50 states, District of Columbia, and Puerto Rico; and a \$60,000 minimum for the other outlying areas. The federal share is 66%.

10.555 NATIONAL SCHOOL LUNCH PROGRAM

Program Description: The program provides funds for states to reimburse schools for providing more nutritious school lunches through the donation of domestic agricultural commodities and cash grants.

Formula Description: The program is funded on a performance basis. For every lunch or snack served, the state receives a payment from funds made available under the School Lunch Act. The state also receives a payment for each lunch served to a student eligible for free or reduced-price lunches. The amounts of such payments are determined by National Average Payment (NAP) factors. NAP factors are adjusted annually according to changes in the "Food Away From Home" component of the Consumer Price Index for All Urban Consumers.

14.228 COMMUNITY DEVELOPMENT BLOCK GRANTS/STATE'S PROGRAM AND NON-ENTITLEMENT GRANTS IN HAWAII

Program Description: The block grant program provides funds for states to develop viable urban communities by providing decent housing, a suitable living environment, and expanded economic opportunities—principally for those with low or moderate incomes. Activities must support one of the National Objectives by: benefiting low-and moderate-income families; aiding in the prevention or elimination of blight or slums; or meeting other community development needs.

Formula Description: Funds are allocated to states based on data from metropolitan cities and urban counties in each state, using one of two formulas comparing each area to all metropolitan areas, whichever results a greater award. One formula is based on population, extent of poverty, and extent of overcrowding; the other on the extent of growth lag, extent of poverty, and age of housing. States distribute funds to localities, and may use \$100,000 plus up to 3% of its total allocation for program administration, but must provide a 50% match for all such costs over \$100,000.

93.778 MEDICAL ASSISTANCE PROGRAMΔ

The program (referred to as Medicaid) provides funds under two categories. Each is presented separately below to provide as much detail as possible concerning the purpose, formula, and funding for the various units of this program.

(1) MEDICAID VENDOR PAYMENTS

Program Description: Authorized under Title XIX of the Social Security Act, Medicaid provides financial assistance to states for the provision of medical care to low-income individuals and others who may be eligible (pregnant women, infants, children or, the elderly), as defined by age and poverty criteria. Certain services must be provided by states for the categorically needy or the medically needy. Federal funds are awarded to a designated State Medicaid Agency, and recipients must meet state requirements.

Formula Description: Funds are awarded based on a state's Federal Medical Assistance Percentage, which ranges from 50. The percentage 83% is determined by a state's Medical expenditures and personal income relative to the national average for the three preceding years. There is a maintenance of effort requirement.

10.557 ARRA—SPECIAL SUPPLEMENTAL NUTRITION PROGRAM FOR WOMEN, INFANTS, AND CHILDREN

Program Description: The program (referred to as WIC) provides grant funds to state health departments for further distribution to local public or nonprofit health facilities and organizations. The funds support supplemental food, nutrition information, and health care referrals to help safeguard the health of low-income pregnant, postpartum, and breast-feeding women; and infants and children to age five who are at nutritional risk. Funds support both program activities and state administration.

Formula Description: The distribution of funds is aimed primarily at maintaining participation levels. The formulas are based on the administrative costs, previous funding levels, inflation levels, and the proportion of persons earning less than 185% of the federal poverty level in each state. No matching funds are required, but some states contribute non-federal funds to support a larger WIC program.

10.561 ARRA—STATE ADMINISTRATIVE MATCHING GRANTS FOR THE SUPPLEMENTAL NUTRITION ASSISTANCE PROGRAM

The program provides funds in two categories, each of which is presented separately below in order to provide as much detail as possible concerning the purpose, formula, and funding for each unit of the program.

(1) FOOD STAMP ADMINISTRATIVE COSTS AND STATE EXCHANGE

Program Description: The program (previously referred to as the Food Stamp Program) provides funds for states to operate the Supplemental Nutrition Assistance Program. In Illinois, the program provides Link cards through state and local welfare agencies to needy persons to increase their food purchasing power. The cards are used by program recipients to buy food in any retail store that has been approved by the Food and Nutrition Service.

Formula Description: The federal government reimburses 50% of direct and indirect state administrative costs.

16.540 JUVENILE JUSTICE AND DELINQUENCY PREVENTION—ALLOCATION TO STATES

Program Description: The program provides grants to state and local governments to assist in planning, operating, and evaluating projects in the area of juvenile delinquency. The goal is to develop more effective education, training, research, prevention, diversion, treatment, and rehabilitation programs for troubled juveniles. States must meet four core requirements: (1) deinstitutionalize status offenders; (2) separate adults and juveniles in secure custody; (3) remove juveniles from adult jails; and (4) eliminate disproportionate contact of minority juveniles. Two-thirds of funds must be passed-through to local governments or private nonprofit agencies. Up to 10% may be used for administrative costs.

Formula Description: Funds are distributed based on the relative population under age 18. No state may be allocated less than \$600,000, except that funds are reduced by 20% for each core requirement not met. A 10% match is required, but states must pay half of all administrative costs.

93.596 CHILD CARE MANDATORY AND MATCHING FUNDS OF THE CHILD CARE AND DEVELOPMENT FUND

The program provides funds under two categories. Each of these categories is presented separately below in order to show the different funding formula for each part.

(1) CHILD CARE MANDATORY

Program Description: Along with related programs, the program makes grants to states to assist low-income families with child care. It is designed to: (1) allow maximum state flexibility; (2) promote parental choice in child care; (3) encourage states to provide consumer education for parents; (4) help states provide child care to parents trying to gain independence from public assistance; and (5) help states implement related standards. Not more than 5% of funds may be for administration; and funds must supplement, not supplant, state funds. In addition, 4% of the money must be used to improve parental choice and the quality and availability of child care.

Formula Description: Mandatory funds are allocated based on the federal share of expenditures for the now-repealed Aid to Families with Dependent Children (AFDC)-linked child care programs in 1994, 1995, or the average of 1992-1994, whichever is greater. There is no state match required.

12.112 PAYMENTS TO STATES IN LIEU OF REAL ESTATE TAXES

Program Description: The program compensates local taxing units for the loss of taxes from federally acquired lands. Seventy-five percent of all funds from the leasing of lands acquired by the U.S. for flood control, navigation, and similar purposes, including the development of hydro-electric power, are paid at the end of each year to the states in which such property is located. Funds may be used for roads, schools, or government expenses in the respective counties.

Formula Description: When property is located in more than one state or county, the share to each is proportional to the area lost to the federal government. There is no matching requirement.

84.378 COLLEGE ACCESS CHALLENGE GRANT PROGRAM

Program Description: The program is designed to foster partnerships among federal, state, and local governments and philanthropic organizations by helping fund challenge grants aimed at increasing the number of underrepresented students who enter and remain in postsecondary education. Up to 6% of the funds may be used for administrative costs.

Formula Description: Funds are awarded based on the state's population, aged 5 to 17, and 15 to 44, living below the poverty line. No state receives less than 1% of the funds appropriated for a fiscal year. States must provide at least 1/3 of the project costs and maintain a standard of effort.
